

# Retirement@Work<sup>®</sup>

Rhode Island's simplified online portal to help you manage your savings on the Rhode to Retirement.

## Accessing your Retirement@Work account is easy.

Generally, almost all State employees are eligible to participate in the 457 Plan. To access your Retirement@Work account, log in to [retirementatwork.org/ri](http://retirementatwork.org/ri) after receiving your second paycheck. If you are not able to log in at that time, please check with your HR office regarding your eligibility.

Retirement@Work makes it easier for you to manage contributions and investment provider choices for the State of Rhode Island 457 Deferred Compensation Plan (457 Plan). It also gives you a more complete picture of your retirement savings by bringing together account balance information from all three investment providers in one spot.

## Retirement@Work makes it easier for you to:

**Change your contribution amount**—Start, stop or change your contributions to the 457 Plan with a few simple clicks; no paper forms required.

**Choose your investment provider(s)**—The State has three approved providers who offer investment options: Fidelity, TIAA and Voya. Contribute to one, two or all three providers and get consolidated account information on the site.

## The 457 Plan investment providers are ready to help.

Retirement@Work allows you to choose one or more investment providers and manage your salary deferrals to the 457 Plan, but you will need to work with an investment provider to manage those retirement savings. Once you've selected an investment provider, you'll need to contact them to complete your account set-up by registering for online access, choosing investments and naming beneficiaries.
